INTERNATIONAL CEO WEBINAR ON STRATEGY TO STRENGTHEN INDUSTRY- ACADEMIA COLLABORATION IN EMERGING ECONOMY

CONCEPT NOTE

In the uncertain world, the agility to adapt the new environment and perform with enterprising mindset to generate profits and nation growth is imperative. Industry academia and alumni partnership is a key to success to build enterprising mindsets among young workforce, establishing a road map for building capabilities of youth and dealing with mismatch expectations of industry fraternity from academic institutions.

Based on these ideas, the purpose of this CEO talk is to provide a better understanding about the role of academic institutions on building Enterprises, innovation practices in emerging economies as per the corporate expectations and to adequately prepare for the future challenges in the sector of generating employment for the young minds.

The objective of this Workshop is to engage the Youth on the line of Hope and Scope for future. The bleak economic scenario now shall not persist long and the economy would require more ready minds than just ready hands.
